HOUSED

**Built for Zero communities use the Built for Zero standard for ending veteran homelessness, a single measure that provides a higher, more measurable bar than the federal criteria and benchmarks. We eagerly support communities in meeting the criteria and benchmarks on their way to the BfZ standard.*

Functional Zero for Chronic Homelessness

Bergen County has met their functional zero threshold of less than 4!

Actively Homeless People Experiencing Chronic Homelessness

≤

0.1% of your most recent total homeless individual PIT Count

OR

3 people

Whichever is greater

Bergen County, NJ

BY-NAME, REAL-TIME DATA

Defining a Quality By-Name List

Bergen County, NJ has met all of the quality and reliability thresholds.

FULL COVERAGE

- All agencies and programs are represented
- List includes people sleeping in shelters and on the streets

PERSON-LEVEL DATA

- Each person has an entry that includes their name, history, health and housing needs
- Each person can be followed through the system

RELIABILITY

- Data balances month over month, just like your checkbook

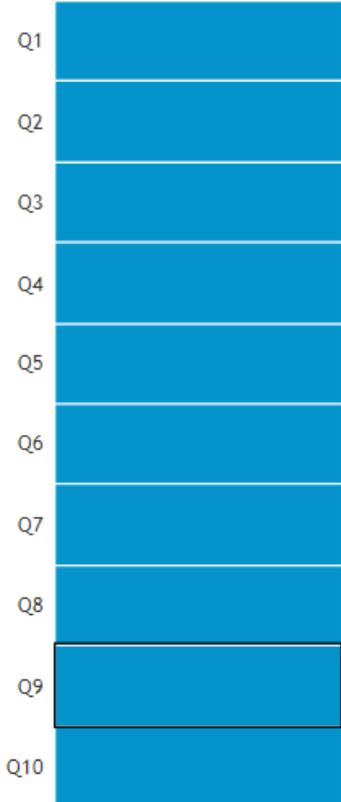

REGULAR UPDATES

- List is updated monthly, at a minimum
- As people's housing status changes, so do their list entries

Qualitatively Assessing your list

Bergen County reached a perfect score on the chronic scorecard in February 2016, successfully meeting the framework below to produce their chronic by-name list. This ensures that Bergen County has reached quality data to measure improvements over time.

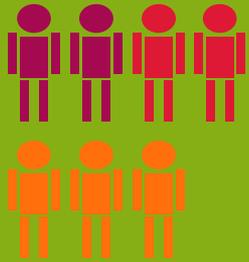

COMMUNITY PARTICIPATION & COVERAGE	POLICIES & PROCEDURES	DATA INFRASTRUCTURE
1. Tracking all homeless individuals	2. Inactive policy	3. Tracking homeless status
4. Outreach coverage	8. Tracking without full assessment	6. Unique identifier
5. Providers reporting data		7. Tracking newly identified people
9. Including veterans experiencing chronic homelessness		10. Tracking returns to system

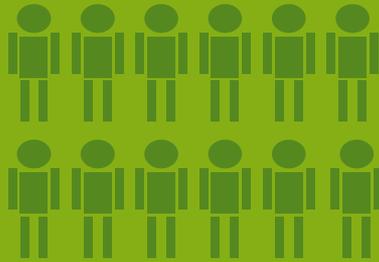

Key Data Points

Bergen County is consistently reporting these key data points for people experiencing chronic homelessness monthly.

Data Reliability

Data for Bergen County is perfectly balanced (0% data reliability) meaning that changes in actively homeless numbers are accounted for in inflow and outflow. This signals that data management practices are robust and efficient and that data is being tracked in a consistent manner.

Actively Homeless - Monthly Chronic Data

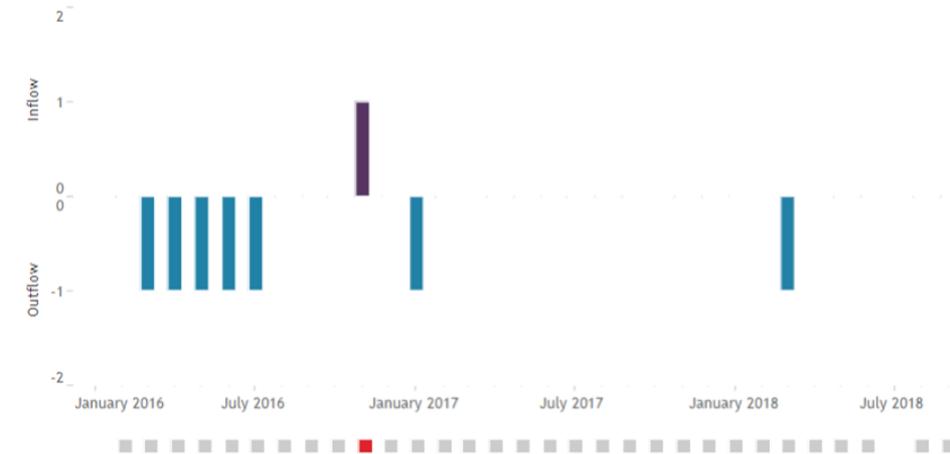

Actively Homeless - Monthly Chronic Count

Monthly Inflow & Outflow

Red square at bottom indicates Inflow exceeded Outflow

Upstream Strategies:

- Improved outreach by convening a broad, cross-sector group of stakeholders to share data and add people to the BNL
- Single point of entry ensures data is comprehensive and includes unsheltered and sheltered locations
- Incorporated diversion and prevention as part of intake procedures system-wide

Downstream Strategies:

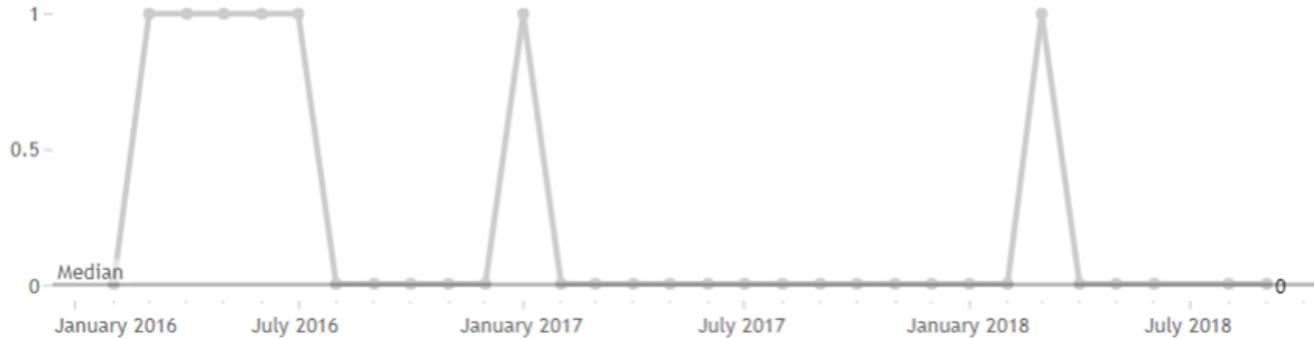

- Housing Navigators allowed to go "above and beyond" and be flexible with program rules to house the community's most vulnerable
- Regular, cross-sector case conferencing to identify permanent housing opportunities

Inflow Total

Use drop-down at right to adjust metric displayed

Outflow Total Use drop-down at right to adjust metric displayed

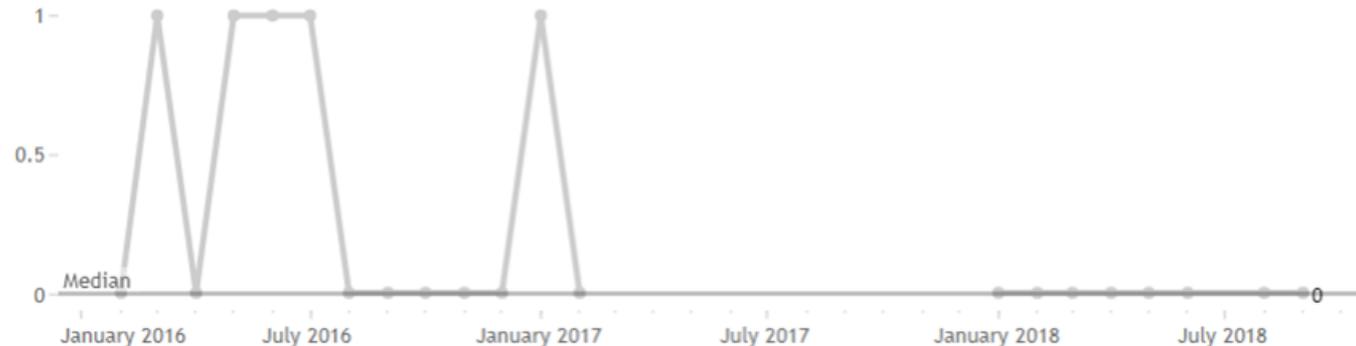

Notes on inactivity policy/ or other outflow:

- 90 days inactivity threshold, at which point individuals are moved to an inactive list until contact is restored or outcome confirmed.

Notes on housing placements:

- Low-barrier programs optimize choice in housing and services
- PHA commits 20% of vouchers to people experiencing homelessness. Only accepts referrals from the single point of entry

Housing Placements Use drop-down at right to adjust metric displayed

Bergen County, NJ: Timeline in Brief

2009

- Established a Single Point of Entry model Coordinated Entry System
- Adopted an early model of a By-Name List to provide individualized housing assistance

2013

- Change Point-in-Time (PIT) Count methodology to rely on HMIS for the sheltered count, freeing up staff to conduct a more thorough unsheltered census count.

2015

- Bergen County joins the Built for Zero movement to focus on ending homelessness among people experiencing chronic homelessness

2016

- February- Reached perfect score on the chronic homeless BNL scorecard
- August - Bergen County ended chronic homelessness!

Looking Forward

- Sustain functional zero for people experiencing chronic homelessness
- Spread and scale approach to end homelessness among veterans in 2017!

BERGEN COUNTY, NJ:
SUSTAINING FUNCTIONAL ZERO

Bergen County, NJ:

Possible Barriers to Sustaining

- Ensuring community collaboration and processes are implemented permanently across the system
- Potential Departure of Community and Data Lead; need for succession planning
- Ongoing community commitment to prioritization of housing resources through objective processes and standard assessment tool (VI-SPDAT)
- Continued partnership with the Bergen County PHA and voucher dedication and funding and demand fluctuate.

Bergen County: Community Strengths

- Coordinated Entry System (CES) uses a single point of entry model
- Barrier-free emergency shelter that is well connected with permanent housing programs
- PHA Leadership at the table and open to adopting community goals
 - Provides leadership for initiative, services co-located with Bergen County Housing, Health and Human Services Center
 - Commits 20% of vouchers to people experiencing homelessness
 - Only accepts referrals from the single point of entry
- Driven, committed leadership that were allowed time to pursue community-wide directives
- Community-wide involvement in pursuing common goals
- Bias toward action
- Deep understanding of community systems

Key milestones toward ending homelessness

Bergen County has met the key milestones to achieve Functional Zero for Chronic Homelessness, and is ready to sustain and expand to Veterans!

Build the will among community leaders and develop a shared aim

Achieve a **real-time, by-name** list of people experiencing homelessness

Drive **monthly reductions** in your actively homeless number

Achieve a **measurable zero** in your community

Solidify a **system** to sustain zero and expand to other populations
