

Social Media Toolkit

A monthly digest of social content for Built for Zero communities

June 2024

This monthly toolkit is designed to assist Built for Zero-affiliated organizations by providing important reminders, timely communications guidance, links to helpful resources, and social media content.

As we engage with the general public and stakeholders, we should always be cognizant of current events. Please use your best judgment to adapt digest content to fit your local context. It is okay to refrain from posting suggested content if you and your local team decide it's not appropriate, given the local context.

PTSD Awareness Month	<p>Mental health matters. In honor of PTSD Awareness Month, we'd like to shine a light on Will's story — a dad, grandpa, Air Force vet who was diagnosed with PTSD after coming out of the military, and someone who has experienced homelessness.</p> <p>Our vision is that people experiencing homelessness can expect a system that makes homelessness rare, and keeps it from becoming an enduring, recurring, or defining force in their life. #HomelessnessIsSolvable</p> <p>Read Will's story: https://community.solutions/when-youre-experiencing-homelessness-its-a-different-manual-every-day</p>	<p> Meet Will: a dad, grandpa, Air Force vet who was diagnosed with PTSD after coming out of the military, and someone who has experienced homelessness. #HomelessnessIsSolvable</p> <p>Read Will's story: https://community.solutions/when-youre-experiencing-homelessness-its-a-different-manual-every-day</p>	 <p>Mental Health Matters PTSD Awareness Month</p> <p>"I just needed a jumpstart."</p> <p><small>Will, an Air Force veteran who experienced homelessness</small></p> <p>Download or Edit (aka add your logo!)</p>

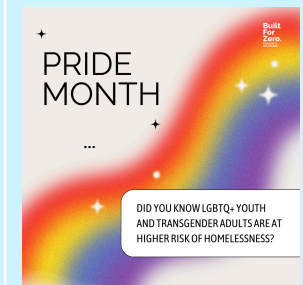

Pride Month

🏳️‍🌈 As we celebrate #PrideMonth, we are reminded of the steps we still must take to create a more just and equitable world for everyone. LGBTQ+ people experience higher rates of homelessness and housing instability than their straight counterparts. And this disparity is compounded when they are also Black or brown.

While LGBTQ+ people experience homelessness at higher rates than the general population, two specific groups are of particular concern: LGBTQ+ youth and transgender adults.

With access to safe and affirming responses and services to address their specific needs, we can uplift the LGBTQ+ community, ensuring everyone has a place to call home. #HomelessnessIsSolvable

🏳️‍🌈 This #PrideMonth, let's remember LGBTQ+ folx, especially BIPOC, face higher rates of homelessness. By providing safe, affirming services, we can uplift our community and ensure everyone has a place to call home. #HomelessnessIsSolvable

<p>World Environment Day</p>	<p>This #WorldEnvironmentDay, we're reminded that climate change will disproportionately affect vulnerable populations in the U.S. who are at greater risk of experiencing homelessness. Social inequities will worsen in the aftermath of catastrophic weather events. For many people on the margins, extreme weather events due to climate change can be a tipping point into homelessness. #HomelessnessIsSolvable</p> <p>Learn more: https://community.solutions/research-posts/on-the-connection-between-climate-change-and-homelessness/</p>	<p>This #WorldEnvironmentDay, we're reminded that climate change will disproportionately affect vulnerable populations in the U.S. who are at greater risk of experiencing homelessness. #HomelessnessIsSolvable</p> <p>Learn more: https://community.solutions/research-posts/on-the-connection-between-climate-change-and-homelessness/</p>	 <p>Download or Edit (aka add your logo!)</p>
<p>Juneteenth</p>	<p>Today marks the 159th anniversary of #Juneteenth. A celebration of emancipation. A holiday of freedom.</p> <p>It is also a reminder of the systemic oppression and legal enslavement woven into our country's living history and the struggle for liberation for Black Americans that continues today. We can see it in our work.</p>	<p>Today marks the 159th anniversary of #Juneteenth. Housing justice is racial justice, and we are proud to work toward an equitable future that provides safety and freedom for all. #HomelessnessIsSolvable</p>
