What to expect during our time together

1 Build Relationships

Build relationships with like-minded leaders working towards similar goals.

- Connect with other communities facing similar challenges
- Learn from your peers conducting similar work
- Have opportunity to share your experience

2 Seek Clarity

Observe instructure and practice ideas communities are conducting to sustain success.

- Take time to review the ideas drafted
- Ask more questions
- Which of these do your feel you can give more insight to
- What other angles have been missed?

3 Identify Action

Pull forward where your community is already practicing sustainability and where stretch projects are needed.

- Identify which of these practices are you doing well
- Where do you feel you have gaps?
- Which do you feel need to be implemented?
