Considering Your Community

Community: _____

Use this sheet for your own notes and discussion at your table.

Which of these communities feel similar to yours?

What would obvious obstacles be for your community to consider?

Data

Community: _____

Use this sheet for your own notes and discussion at your table.

Do you know your community’s current length of stay, exits, inflow, and vacancy data?

What do those data tell you about the need for Rapid Resolution?

Who can help you get the data you need?

Optional Private Data Reflection

For personal reflection. You do not need to share these figures publicly.

Record what you know. If a figure is unknown, note a question or where to find it.

Your shelter system	Your figure or question
Number of shelter beds	
Annual utilization	
Average length of stay	
Positive exit rate	
Shelter return rate	

Questions or data to follow up on

Partners and a Starting Point

Community: _____

Use this sheet for your own notes and discussion at your table.

What are the obvious front doors in your community and how do they currently function?

Who can authorize changes to beds, resources, and operations?

Who would be appropriate for a leadership planning session?

Where could you test Rapid Resolution in your community and what do you have to consider for a test at that/those locations?

Resources and Obstacles

Community: _____

Use this sheet for your own notes and discussion at your table.

What staffing, flexible assistance, transportation, or unit support would you need?

What culture or coordination barriers could be challenging and how can this be navigated?

Your First Move

Community: _____

Use this sheet for your own notes and discussion at your table.

What is one first step you can take when you return home?

Who will you involve?
